IBAM 2024
International Buttocks Anatomy Masterclass

JANUARY 19-20, 2024

Requested patronages:
AGORÀ  AICPE  ISAPS  SICPRE

Organizing secretariat:

Verona
Teaching and Research Center
iclo
I am very excited to present the International Buttocks Anatomy Masterclass. This unique educational event combines theoretical knowledge with hands-on practical experience, offering a deep dive into the latest advancements in the field of gluteal aesthetics. Our international faculty of experts will guide you through a transformative learning experience, providing a solid foundation for mastering the art of gluteal enhancement.

On the first day of the masterclass, participants will delve into the theoretical aspects of gluteal anatomy, understanding the intricate structures and principles that underpin the art of gluteal aesthetics. Our renowned experts will cover a range of topics, including gluteal anatomy, patient assessment, aesthetic principles and procedure selection.

The second day of the masterclass offers participants a unique opportunity for hands-on experience, combining theoretical knowledge with practical application. Each group of three participants will work on a cadaver specimen, specially prepared with injected arteries and veins, under the guidance of our international faculty. This practical session will include cadaver dissection, injection techniques, surgical procedures and complication management.

Join us in this transformative educational journey and unlock the secrets to mastering the art of gluteal aesthetics.

Andrea Margara

Juan Esteban Sierra  Paolo Vittorini
Friday 19, 2023

12:30–13:30  Registrations and welcome coffee

13:30–15:00  **ANATOMY OVERVIEW**
Anatomy and dissection of the buttocks  
**Andrea Margara, André Salval**
Ultrasound-guided anatomy  
**Massimiliano Brambilla**
Safety on gluteal area  
**Gianluca Campiglio**
Roundtable and discussion

15:00–16:00  **AESTHETIC MEDICINE: LAYER BY LAYER TREATMENTS**
Filler with poly-L-lactic acid  
**Alessandro Innocenti**
Filler with hyaluronic acid  
**Piero Crabai**
Traction and biostimulation threads  
**Egidio Riggio**
Safety evaluation of ultrasound-guided injections  
**Massimiliano Brambilla**
Roundtable and discussion

16:00–16:30  *Coffee break*

16:30–18:00  **PLASTIC SURGERY**
Gluteal implant surgery  
**Valerio Badiali, André Salval**
Gluteal lipofilling  
**Juan Esteban Sierra**
Upper and lower gluteal lift  
**Paolo Vittorini**
Roundtable and discussion

18:00–18:15  Conclusion and overview of the next day

18:15  Adjourn
Saturday 20, 2023

9:00–9:30 Welcome and dressing

9:30–11:00 CADAVER HANDS ON: AESTHETIC MEDICINE TREATMENTS

11:00–12:30 CADAVER HANDS ON: PLASTIC SURGERY PROCEDURES

12:30–13:30 Lunch break

13:30–15:45 CADAVER HANDS ON: DISSECTION OF THE GLUTEAL REGION AND ASSESSMENT OF ANATOMICAL LEVELS AND WORK PERFORMED

15:45–16:00 Undressing

16:00–16:30 Debriefing and end-of-course toast

16:30–17:00 Certificates of participation and group picture

17:00 Adjourn

Per three delegates, 1 fresh frozen cadaver is provided to practice aesthetic medicine and surgery techniques. Faculty will support each group during the hands-on procedures.
