WELCOME

TO THE ISAPS VIRTUAL OLYMPIAD!

Dear Colleagues,

Only the best will go to the Olympics! Despite wars and crises, united by solidarity and equal interests. We have organized the best of the best in various disciplines of aesthetic surgery, so that you can still learn from experts from all over the world and stay up to date in these difficult times.

Our new concept, the ISAPS Olympiad, will feature the best speakers from every continent. And you are the jury! During the congress you can vote online for whom you liked best, from whom you learned the most, or where you simply say: what a great new idea. You decide who will advance to the next round and who you want to see and hear again. The grand finale will be the 2023 ISAPS Olympiad in Athens, Greece. Until then, we will organize more pre-Olympic games where you get to decide who goes to Athens. One of these pre-Olympic games will hopefully be next year in Vienna.

You have already gotten used to online webinars, but this virtual congress will be special! You will be able to interact directly with the industry and many exhibitors. The industry has missed us all and is looking forward to seeing you again and rewarding you for your visit in the exhibition hall with special offers. This unique virtual experience is sure to remain in your memory.

As an ISAPS member, you are also invited to attend our General Assembly, the heart of our congress. Here we will inform you about the most important ISAPS news and latest changes and we will introduce you to the newly elected Board of Directors. This year is especially exciting because we have had many new applicants for the first time in ISAPS history.

I am very pleased to hand ISAPS over in good condition to my successor as President, Dr. Nazim Cerkes. Together with my hard-working team and our long-time treasurer Kai Schlaudraff, we have brought ISAPS through the current crisis, which our members have thanked us for with the largest membership in the history of ISAPS. Financially, we have never been in such a good position, despite the cancellation of many events. As a result, we could afford to make many events free for members and to offer price reductions for membership fees and learning platforms, as a thank you for your loyalty and to give something back to you.

Finally, celebrate ISAPS' 50th anniversary with us in a small, digital ceremony. During the ceremony, I will go over a short review of the last few years, as well as introduce some new faces in the ISAPS team. Sarah Johnson will replace our long-standing Executive Director, Catherine Foss, in January so that Catherine can go into her well-deserved retirement after 20 years of successful work with us.

Make sure to take a look at the poster corner, where you can find highly interesting contributions in digital form, and visit our photo corner and the ISAPS booth, which will welcome you with lots of information about our society.

In case you do miss something, just look at it online later! The entire virtual congress will be available to view and listen to online following the congress. This is the great advantage of the rapid development of the digital world in times of COVID-19.

I am looking forward to seeing you all again, even if only digitally - but safely.

Sincerely,

A handwritten signature in blue ink, which appears to read 'Dirk Richter'. The signature is fluid and cursive, written over a white background.

Dirk Richter
ISAPS President

GENERAL ASSEMBLY

This year, our General Assembly will take place digitally as part of the Virtual Olympiad on September 5.

I would like to cordially invite all active and life members to come to this important event and participate virtually. On August 24, we will open the electronic election of the Board of Directors and the Nomination Committee. Join us for the latest election results at the General Assembly and welcome the new Board and Nomination Committee. Furthermore, you will get a comprehensive insight into the work of the Board over the last two years as well as an outlook on finances and important changes in the area of our society.

**As an active member I ask you to be active.
Be part of it and get first-hand information!**

We are all looking forward to meeting you.

GENERAL
ASSEMBLY
Time: 12:45 UTC
Hall: A

CEREMONY

IT'S TIME TO CELEBRATE!

This year we are excited to celebrate the 50th anniversary of ISAPS. What began as a small group of dedicated surgeons in 1970 has since grown to an internationally respected society with thousands of members, many of them top surgeons in their field. Over the years, our society has grown to include members from all over the world, with over 107 different countries represented in our membership.

Not only have we brought individual surgeons together as ISAPS members, but we have helped create a worldwide network of national plastic surgery societies with the creation of our Global Alliance, which to date has over 85 participating organizations. Let us look back at 50 years of education and outreach, of relationships fostered between continents and across oceans, of progress in the field of aesthetic surgery, and of great ISAPS moments.

Together, we will raise a glass and toast to the first 50 years of ISAPS - and to 50 more!

During the official ceremony, ISAPS President Dr. Dirk Richter will hand over office to his successor, Dr. Nazim Cerkes.

CEREMONY

Time: 13:15 UTC

Hall: A

50th
ANNIVERSARY

SOCIAL MEDIA

#ISAPSOLYMPIAD #ISAPSVIRTUAL #ISAPS #MYISAPS

ISAPS has always been about bringing people together. Due to the special times we are living in right now, we aren't able to meet in person - so we are excited to provide you with some other ways to network, chat, and get "digitally closer" during the Virtual Conference using social media.

VIDEO CHAT WITH PEERS

Connect with your colleagues in the ISAPS Networking Lounge, hosted by Yotribe. Found in the Exhibition/ Coffee Break area and at the ISAPS booth, Yotribe's chat tool allows you to interact with other participants through video chat, audio chat, or text. Move your icon around the chat room and open up a conversation-bubble by moving near the person you want to talk to. Catch up with an old friend or join a group discussion! You will also find a Video Networking Chat in each Lecture Hall - click on the widget to discuss the lectures with your colleagues!

SHARE YOUR PHOTOS ON OUR SOCIAL MEDIA WALL

Access our online photo booth, where you will be able to take photos using your laptop camera and share them instantly to your social media accounts! When posting, use the following hashtags to have your photos automatically posted to our live social media wall: #isapsolympiad #isapsvirtual #isaps #myisaps
Already have a photo you'd like to share? You can also post an existing photo or video and have it shared to our social media wall - just make sure to use the hashtags above!

50TH ANNIVERSARY MESSAGES

We are looking forward to seeing your "Happy Birthday" wishes for ISAPS on the Social Media Wall - take a photo, alone or with friends and colleagues, and congratulate ISAPS on the past 50 years and the years still to come!

50th
ANNIVERSARY

2020 PATIENTS' CHOICE
MENTOR BREAST IMPLANTS

Have You Felt the
MENTOR® MemoryGel® Xtra
Breast Implant?

In a blinded comparison
9 out of 10 consumers
chose **MemoryGel® Xtra**
Breast Implants as feeling
more like a natural breast
than the other leading brand.*1

@BreastImplantsbyMentor

#MemoryGelXtra #MentorBreastImplants #OwnTheDay

*Head-to-head blinded in-person tabletop product comparison (MemoryGel Xtra vs. Inspira Responsive vs. Inspira Cohesive) with 452 respondents. 1. Mentor Consumer Preference Market Research Report - July 2017.

IMPORTANT SAFETY INFORMATION

MENTOR® Breast Implants are indicated for breast augmentation, in women who are at least 18 years old, or for breast reconstruction. Breast implant surgery should not be performed in those women with active infection anywhere in their body, those with existing cancer or pre-cancer of their breast(s), those who have not received adequate treatment for these conditions or those who are pregnant or nursing. There are risks associated with breast implant surgery. Breast implants are not lifetime devices and breast implantation is not necessarily a one-time surgery. Patients may require additional unplanned surgeries on the breast(s) because of complications or unacceptable cosmetic outcomes. Many of the changes to the breast(s) following implantation are irreversible (cannot be undone) and breast implants may affect the ability to breastfeed, either by reducing or eliminating milk production. The most common complications with MENTOR® MemoryGel® Breast Implants include re-operation, implant removal, capsular contracture, asymmetry, and breast pain. A lower risk of complication is implant rupture, which is most often silent (meaning neither you nor your doctor will know you have a rupture). The health consequences of a ruptured silicone gel breast implant have not been fully established. MRI screenings are recommended three years after initial implant surgery and then every two years after to detect silent rupture.

The ISAPS Olympiad will take place for the first time ever in 2023 in Athens, Greece. This innovative event will feature some of the best plastic surgeons from around the world, speaking and competing to win the top prize.

The ISAPS Virtual Olympiad in September 2020 will feature 50 top lectures by experts in the field. During the event, 10 of the best lectures will be chosen to qualify immediately for the ISAPS Olympiad in 2023. Alongside a committee consisting of the Education Chair committee members, participants will have the chance to vote for their favorite 10 lectures of the 50 that will be presented. The top 10 lectures will then qualify for the Olympiad in Athens in 2023.

There will be two more qualifying rounds for the 2023 Olympiad, where another 10 lectures will be selected to go to Athens. The qualifying speakers will be voted on by participants in Vienna 2021 and Istanbul 2022.

The power to decide who will go to the ISAPS Olympiad is in your hands - we are counting on you to vote for the best lecture on September 5th!

How to vote:

After each lecture, using a QR code and your smartphone you will have the chance to rate the speaker on a scale of 1-5, with 1 point being the worst and 5 points being the best. Make sure you check your smartphone after each lecture to vote!

VIRTUAL INDUSTRY EXHIBITION

One of the great things about the digital platform that we have chosen for the congress is that you can also visit the industry. The industry has missed us and we have missed the industry this year. As such, we are extremely pleased that we can now offer digital, interactive contact between you and exhibitors. They are looking forward to your visit with special offers and price reductions. Please visit our virtual exhibition, explore the booths, and take a look at the trade fair offers. You will be impressed!

Opening Times:

Friday, September 4, 2020 12:00-16:00 UTC

Saturday, September 5, 2020 9:00-19:00 UTC

Symposia - Friday, September 4th - GC Aesthetics Booth:

12.30 UTC

HydroCone: the breast implant delivery device for reduced postoperative complications and optimised time in surgery. A new standard of care. Ron Cosmas, CCO at GC Aesthetics will be joined by @dott.stefanomarianelli

13.30 UTC

Breast Implant Evolution: OPTIMIZED BIOCOMPATIBILITY

@faranaomi, Head of Marketing at GC Aesthetics will be joined by Ron Cosmas and Dr. @mrrouif

THANK YOU TO OUR EXHIBITORS & SPONSORS

DIAMOND SPONSORS

POLYTECH

POLYTECH - Quality you can feel

POLYTECH Health & Aesthetics is one of the world's leading manufacturers of silicone implants. Our success is directly linked with our innovative spirit, commitment to quality and more than 30 years of experience.

Established in 1986 in Dieburg, Germany, we continue to expand our range of services and constantly develop our products portfolio. Today reconstructive and aesthetic plastic surgeons from all over the world rely on our implants to perfectly replicate soft tissue in the human body, from breasts to calves.

Our mission has always been to develop tailored solutions for the most varied requirements. Every person is unique, has different wishes and a very personal ideal of beauty. Our implants reflect that: In the field of breast implants alone, we offer more than 2,000 variants. All of them developed to meet the highest safety standards.

PREMIUM SPONSORS

GC Aesthetics provides you with "A Confident Choice for Life"

At each step, we support you with our pre-surgery, surgery and post-surgery products.

Throughout 40 years of commercial presence, under our premium breast implant brands Nagor and Eurosilicone, we have sold more than 3 million implants across 70 countries and our products are supported by published 10-year clinical data demonstrating compelling safety and clinical effectiveness.

With our new pre-surgery products, such as Eve 4.0 our interactive digital platform, and post-surgery products such as Noa, our compression garments for recovery, we give you the complete range of products to provide your patients with peace of mind.

Mentor® Breast Implants have been successfully used and trusted for over 30 years by millions of women worldwide.

At Mentor® we put patient safety as our number one priority.

Over 200,000 patients have been enrolled in over 10 clinical studies, providing a robust data set to evaluate the safety and performance of our implants.

Mentor® Breast Implants are backed by a highly comprehensive protection plan assured by Johnson & Johnson, a global leader in Healthcare with over 130 years of experience.

APPLICATION REQUIREMENTS

To apply for ISAPS membership, the following documents must be submitted and the applicant must be approved by the National Secretary in their country.

For applicants from countries with no National Secretary, the Chair of the Membership Committee and the Chair of National Secretaries will review the application.

Applicants who have completed all requirements and who have been approved are admitted at the end of every month.

Access the online application form at:
www.isaps.org/ApplyforMembership

Questions:

+44 203 751 6073

memberservices@isaps.org

YOU WILL NEED TO SUBMIT AND UPLOAD:

1. Your full name, address, contact information and email as it will appear on our website
2. A certificate or letter in English from your society confirming current active membership in the national plastic surgery society in the country where you practice
3. A certificate or letter in English confirming your board certification in plastic surgery, or the equivalent status in your country
4. A copy of your curriculum vitae (CV) confirming your plastic surgery training and current practice status
5. Letter of recommendation from a current Active or Life member, preferably from your country of practice
6. Your photo to be included in your ISAPS website profile (optional but recommended)
7. FOR RESIDENT APPLICANTS - a document verifying your current enrollment in a plastic surgery training program
8. Payment of application fee that includes your first year's dues

ISAPS MedOne

AESTHETIC SURGERY

ISAPS MedOne Aesthetic Surgery from Thieme is a powerful platform, combining expert information with stunning visuals. Easily searchable, it delivers a cutting-edge learning, research and teaching tool to residents and specialists alike.

- A fully-searchable, growing database of **72 best-selling e-books** written by top surgeons – **A TOTAL VALUE OF MORE THAN \$19,500!**
- Step-by-step details for reconstructive and aesthetic procedures
- **1,400+ teaching videos** by master class surgeons
- **47,000+ downloadable images**
- Premier journal content with search results by PubMed
- Q&A training center to assess subject knowledge

ISAPS BLUE JOURNAL

You will receive an annual subscription to the society's official indexed journal, Aesthetic Plastic Surgery (also known as the Blue Journal).

Published six times a year, you will be able to access Aesthetic Plastic Surgery using the members-only app that will also enable you to access back issues using your smart phone, desktop or tablet.

ISAPSNEWS

Membership includes an annual subscription to ISAPSNews, published four times a year.

Available to members in print and digital versions, ISAPSNews contains informative and non-scientific articles focused on helping you build your practice, along with information about member activities.

Becoming an ISAPS member puts your practice on the world map, increasing its visibility to prospective patients and demonstrating your ongoing commitment to excellence in aesthetics and patient safety.

GENERAL INFORMATION

ACCESS

ISAPS welcomes all plastic surgeons to this virtual congress. Access to the conference rooms depends on your registration. Once you register under your name, it is not transferable to another individual. Please check our online registration form for categories, their access levels, and the cancellation policy.

CEREMONY

There will be a ceremony for the handover of office from ISAPS President Dr. Dirk Richter to his successor as president Dr. Nazim Cerkes. We also want to celebrate ISAPS' 50th anniversary with you, so don't miss the celebration!

CERTIFICATE OF ATTENDANCE

ISAPS will provide a certificate of attendance after the event to all who attended.

CONFLICT OF INTEREST POLICY

ISAPS insists on transparency in all scientific courses. Each speaker is required to disclose whether their presentations contain any commercial bias or whether financial support was given. The COI policy applies to anyone who is a speaker during the congress or contributes to the development of the scientific program. This includes all members of the Scientific Program Committee and all faculty members.

GENERAL INFORMATION

EXHIBITION

The exhibition is open on one day prior to the event as well as on the day of the event itself and is accessible to all registrants. Visit our website for the updated list of sponsors and exhibitors.

Friday, September 4 12:00 - 16:00 UTC

Saturday, September 5 9:00 - 19:00 UTC

GENERAL ASSEMBLY

As an ISAPS member, please make sure to attend the ISAPS General Assembly: Hall A 12:45 UTC

SUPPORT

While you are attending the virtual congress, there will be a support chat available for general and technical questions.

ON DEMAND

After the event, there will be an on-demand-archive for those who registered.

PROGRAM DISCLAIMER

The content of this program is presented solely for educational purposes for use by medical practitioners in the plastic surgery field. The program is correct at the time of creation. Congress Organization reserves the right to alter the program as necessary.

RECORDING POLICY

Recording (photographic, video and audio) of the sessions and exhibit hall during the ISAPS Virtual Olympiad is strictly prohibited.

REGISTRATION

Please register online at www.isapsolympiad.com

TRANSLATION

The official congress language is English.

Full Day Simultaneous Spanish Translation in Hall A - sponsored by Polytech

VIRTUAL CONGRESS PLATFORM

FAQS

Where do I register for the event?

Please [click here](#) to open our registration tool X-CD.

When is the deadline for registration?

The registration will be online also throughout the event.

What if I do not have an account in X-CD?

This [registration link](#) will lead you to a page where you can either log-in with an existing X-CD-account or gives you the possibility to create a new account.

Can I register now, and pay later?

The registration is not valid until the "Complete" button is clicked and full payment has been received. The payment can be made by the following credit cards: American Express, Visa, and MasterCard and Discover.

Can I book exhibition only?

Yes, there is an option to book exhibition only.

I accidentally booked twice, what do I do?

In the event of a double booking (where a participant has made two registrations for the Meeting) ISAPS must be notified in writing on or before 2 September 2020, writing to registrar@isaps.org. The fee for the second booking will be refunded less a 25% administration charge. Refunds will not be given or double bookings after this date.

No-shows at the Meeting will be charged at the full fee. There will be no refund issued.

I am an ISAPS member, but have not paid my dues this year, do I still get free registration?

No. But you will have the opportunity in your profile to pay your 2020 dues and after that you can get free registration.

I am not an ISAPS member, but I would like to become one and attend the event, what do I do?

You will need to go to the apply for membership link and pay and complete the application form: <https://www.isapsmembership.org/apply-for-membership> Once you pay to apply you will be able to register as a "Pending Applicant" for free.

Can I cancel my registration?

Refunds will not be given for any cancellations once the payment has been processed.

No-shows at the Meeting will be charged at the full fee. There will be no refund issued.

How do I enter the conference?

Before you can enter the conference, you have to register with your login data. To do so, click on the „LOGIN“ button, top right. A window will open where you can enter your username and password. To navigate through the conference or obtain further information, use the flashing dots (widgets). If you have technical problems, please contact our colleagues via the chat.

Where do I find the program for the individual congress days?

You can find a downloadable PDF of the program in the lobby.

You can find a list of all sessions in both Halls, Hall A and Hall B on the dashboard (click on round icon with the little figure in the right upper corner).

How do I view the presentations?

There are two Conference Halls and some parallel sessions at the ISAPS Virtual Olympiad. You can directly log in to the current presentation by going to one of the conference rooms. To do so, click on the button „Join Lecture Now.“ There is as well a virtual Q&A, where you can submit your questions in real-time and be part of the discussion.

You can also arrange your personal schedule. In your dashboard (upper right-hand corner of the menu bar), all lectures of the ISAPS Virtual Olympiad are listed in the column titled „Conference Overview.“ To reserve a session, click on „Sign In“ – the earmarked sessions will appear at the right hand side under „My Agenda.“

Is translation available?

The conference language is English. A full day Spanish translation will be available in Hall A. To access the Spanish translation, click on the Spanish flag in the streaming window

Will there be recordings of the lectures?

Yes, all lectures will be made available after the event.

How do I visit the exhibition and get in touch with the exhibitors?

If you click on the exhibition icon in the foyer, you will automatically be taken to the virtual exhibition hall, where you will find an overview of all exhibitors. Click on a company logo to be automatically directed to its booth. Once at the booth, you can look at and download provided material and get in touch via the live chat function. To chat, click the green chat icon.

Please note: The availability of representatives may be limited to special opening hours. A company's contact details are listed near the chat button.

How can I continue chatting with company representatives without staying at the company stand?

To chat with company representatives, click the „Settings“ button in the chat window. Next, click on „Pop out Widget.“

Now you can leave the company stand and continue chatting with the company's representatives.

When is the exhibition open?

The Exhibition will be open on two days:

September 4, 2020 - 12:00 - 16:00 UTC

September 5, 2020 - 9:00 - 19:00 UTC

50th
ANNIVERSARY

ISAPS[®] **NEW DATES!**
WORLD CONGRESS
Vienna | Sept. 9-12, 2021

INTERNATIONAL SOCIETY OF AESTHETIC PLASTIC SURGERY

The World Congress has been postponed to
SEPTEMBER 9 - 12, 2021
VIENNA, AUSTRIA

After careful thought and consideration of the ongoing situation with coronavirus (COVID-19), the ISAPS Board of Directors has decided to postpone the upcoming ISAPS World Congress in Vienna, Austria to September 9-12, 2021. We understand that this change is an inconvenience, but we are confident that it is the right decision.

As an international organization, it is our goal to provide a stimulating environment that both features speakers from around the world and is accessible to our members from over 100+ countries. At the moment, travel bans, limits on event sizes, and social distancing measures are still in place in much of the world, and will likely remain in many regions. In light of this, we feel it is best to postpone the ISAPS World Congress for another year in order to ensure that our members will be able to join us in Vienna, no matter where they are located.

Thank you for your cooperation and understanding during these trying times. Despite this difficult situation, we appreciate your support and are working hard to ensure the 25th ISAPS World Congress is a success.

We look forward to welcoming you in Vienna for the ISAPS World Congress in 2021!
