Description of Program:	The guest will experience the full range of aesthetic surgery including facial aesthetic surgery techniques, rhinoplasty, aesthetic breast surgery and body contouring. Our novel techniques in breast reduction, mastopexy and ultrasonic high definition body contouring surgeries will be beneficial. The guest will also experience minimal invasive and non-invasive aesthetic applications. We will show our visitor how to set up a private practice office and develop a comfort level for the practice of aesthetic plastic surgery. The visitor will have the opportunity of observership or hands-on training in our clinic.
