Personal Statement: As a plastic Surgery instructor at Santa Casa Hospital since 2010, I have great experience in dealing with young plastic surgeons in training and newly formed. The technical and psychological support of these young surgeons is of extreme importation for them in order to start careers in an appropriate way without missing a step, not making common and predictable mistakes, that can be prevented by a **straightforward orientation**. In the last 15 years, I have dedicated myself to cosmetic plastic surgery, mainly breast lifts, liposuction, tummy tuck, face lifts, endobrow and rhinoplasty. I strongly believe I have the profile to mentoring young Plastic Surgeons.

The ISAPSmentor and the ISAPSmentee hereby agree to jointly and severally release, defend and hold harmless each other as well as the *International Society of Aesthetic Plastic Surgery (ISAPS)* from any claims, whether first-party or third-party claims, related in any fashion to the ISAPSmentor or to the ISAPSmentee, including but not limited to claims related to hiring, employment, compensation, supervision and/or malpractice.
